- 7 700 McKinney, The Brewery Park – west of Houston

Downtown Dallas Motorcoach Tour Parking

The Dallas Convention & Visitors Bureau is pleased to offer motorcoach tour parking for the downtown Dallas area. We understand that tour operators and charter companies need good motorcoach parking when touring a destination. To better serve your needs, we created this map for your drivers and escorts to use while touring our downtown area.

Please note that the highlighted areas indicate the side of the street that is approved by the City of Dallas for motorcoach parking. Note that many restaurants and attractions may offer additional parking for motorcoaches within their respective jurisdictions and must be contacted separately for these parking arrangements. However, for general touring, please utilize these special parking areas for your coaches.

Coach parking outside of these approved areas will result in a traffic violation and/or possible towing of your motorcoach. We appreciate your business to our city and hope that you will take advantage of these parking areas that were designed especially for you.

***Parking assignments are subject to change.**

We will make every attempt to keep you up to date with parking changes; however, please feel free to contact the Dallas Parking Enforcement for parking questions. 214.948.5346
